Duprinters DP-210LE & DP-220LE

The DP-210Le and DP-220Le are high quality digital duplicators in a class of their own, producing excellent prints at high speeds in a compact design.

High quality printing

With their 300 x 600dpi scanning resolution, the DP210Le and DP-220Le reproduce originals to exceptionally high standards which are unprecedented in their class. Scan up to A3 size originals via the book copy top on the DP-220Le or via the 80 sheet ADF on the DP-210Le (optional on DP-220Le). Alternatively print direct from PC, Mac or via a network with the optional computer interface.

Printing on a wide variety of stocks

The Duprinter's reliable feeding system ensures accurate and consistent handling of a wide range of stocks from carbonless to card as well as postcard up to 297 x 382mm.

Superb paper handling is achieved through Duplo's tried and tested automatic lift-up and paper delivery, the unique triple feed wheels for accurate feeding, and the fan and belt paper ejection system for reliable delivery.

Achieving higher productivity than ever before

Despite the compact dimensions of the DP-210Le and DP-220Le, they incorporate a number of features which ensure maximum productivity and minimum user intervention, including; 1000 sheet 80 gsm paper feeding & stacking; 80 sheet ADF (optional on DP-220Le); 270 masters per roll; and a 50 used master capacity. Combine these with instant master making and speeds of up to 125 cpm, and you have a highly productive print solution.

Easy to use and fully featured

Additional user features include a full range of enlargement and reductions, frequent use memory settings and a confidential mode useful for those sensitive documents.

The 2-in-1 function combines 2 documents from the ADF and reproduces them side by side on a single sheet, an ideal feature for creating booklets or reducing print costs.

Colour

Why print in black and white, when you can print in colour? A range of colours for spot colour printing is available. Pantone colours are available by special order.

	DP-210Le	DP-220Le
Model Type	Table-top	Table-top
Scanning Method	ADF	Book-copy top
Processing Method	Thermal digital master making	
Resolution	300 x 600 dpi
